

C3 HUDDLES

WHAT ARE THEY?

You might have heard David talk about huddles the last few weeks. What is a huddle, anyways? It's a group of four men or four women getting together weekly or so over coffee or lunch to talk about Jesus and their lives. We always need it, but especially now during these unprecedented times. It's fellowship and community for those folks in our flock lacking that right now.

CONVERSATION STARTER:

Every week, check out the huddle conversation starter, intended to spark conversation when you meet. For this first one, [Listen to this song](#) on the way over to your huddle meeting place. Give yourself the space to take in the lyric as you listen.

As you start your time together, unpack the lyrics. See where the conversation takes you. If it's helpful, here are a few good questions to ponder:

How did the lyric speak to you?

How is your heart in this season?

Where do you hear Jesus calling you?

What obstacles stand in the way to respond?

Think of this song as a member of your huddle – carrying thoughtful questions of the heart and pointing us to Jesus through them. As you close, really take in the last verse together. Maybe you can close by listening to it together.
